

## Physical Education at Senior Cycle Planning for 2020/2021

This two hour workshop will begin with an overview of the new PE 'Framework' for Senior Cycle that comes into practice for all schools in September 2020. Teachers will be given the opportunity to explore how to embed this framework into their current practice. The workshop will then outline the latest updates on the new Leaving Cert PE 'Specification' and help guide teachers in advance of introducing the exam subject from September 2020 and beyond. Everyone attending the workshop will also be added to an online sharing community with access to a wide range of PE resources. This VLE (Virtual Learning Environment) will allow teachers to share resources, lesson plans, power points, and upload/download relevant material, which may prove useful to support changes to teaching and learning in PE at Senior Cycle.

Date	Venue	Time
