Physical Education Association of
Ireland (PEAI)
Regional Roadshows 2020
An Overview of
Digital Technology in PE

The PEAi are organising six Regional Roadshow Workshops (free of charge) throughout Ireland on the integration of Digital Technology (DT) in Physical Education. This interactive morning workshop will provide teachers with a step-by-step guide on setting up your sports hall for integrating DT. Recommendations on how to best capture a performance and what to consider when gathering footage will be reviewed in the context of Physical Education at Junior and Senior Cycle. Teachers will then explore the key skills required to edit and package a performance using DT. Specific examples from teachers currently delivering Leaving Certificate Physical Education will be provided. Attendees are requested to bring a charged digital device (preferably a tablet) with them. Please visit our website (www.peai.org) or our Facebook, Twitter or Instagram page to register for the event. Places are limited.

Workshop Format

09:00am - 09:30am	Introduction: Setting up your PE Hall
09:30am - 10:00am	How you effectively capture a performance in PE
10:00am - 10:20am	Tea/Coffee
10:20am - 11:00am	Gathering Footage for an LCPE Performance Assessment
11:00am - 11:45am	Packaging your performance
12:00noon	Finish
